O Waławie Sierpińskim

On Waław Sierpiński

SUMMARY

Waław Franciszek Sierpiński (1882-1969) has already become a textbook figure, his biographical entries focus on his scientific career and scientific achievements. Professor Konrad Rudnicki (1926-2013) brings back some personal memories of encounters with this famous mathematician, presenting his personality from the perspective first of a student, then of a junior academic.
